Rocky Ford, May 1, 1917.

Western Seed & Irrigation Co.,
Fremont, Nebr.
Gentlemen:

Inasmuch as all the products, as well as the price of farm labor has advanced, and in consideration of the fact that there has been an advance of from 20 to 50 per cent on seeds. we believe that the members of the Grange are justified in asking for an advance of three cents per pound on all seeds contracted not so advanced already.

Respectfully submitted for your consideration.
